Good Day Mr Hank!

It was good making contact last day, Sorry for the delay of my answer to your question. As I told you, I'm looking for a partnership for selling spares of ground support equipment of aircraft like GPU, Air Start Unit, loaders, stairs and stand or for leasing those equipments. Why not to build a assembling small aircrafts industry?

Anson Liao said that: "We can proudly say that 90% of flying devices today feature Taiwanese-made parts,"

Following that, Sauterelles Aviation intends to be Taiwan's aviation representative through your facilitation.

I hope to read from you soon

Best regards

Evariste Roger KALONJI
